 RECEIVED

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below. All notices must be provided to you in writing. These obligations are pursuant to the Privacy Act of 1974, Title 5, United States Code (U.S.C.) Section 552a, and Title 28 Code of Federal Regulations (CFR), 50.12, among other authorities.

1. You must be notified by Nevada State Board of Massage Therapy (*name of requesting agency*) that your fingerprints will be used to check the criminal history records of the FBI and the State of Nevada.
2. Authority: The FBI's acquisition, preservation, and exchange of fingerprints and associated information is generally authorized under 28 U.S.C. 534. Depending on the nature of your application, supplemental authorities include Federal statutes, State statutes pursuant to Pub. L. 92-544, Presidential Executive Orders, and federal regulations. Providing your fingerprints and associated information is voluntary; however, failure to do so may affect completion or approval of your application.
3. Principal Purpose: Certain determinations, such as employment, licensing, and security clearances, may be predicated on fingerprint-based background checks. Your fingerprints and associated information/biometrics may be provided to the employing, investigating, or otherwise responsible agency, and/or the FBI for the purpose of comparing your fingerprints to other fingerprints in the FBI's Next Generation Identification (NGI) system or its successor systems (including civil, criminal, and latent fingerprint repositories) or other available records of the employing, investigating, or otherwise responsible agency. The FBI and/or the Central Repository for Nevada Records of Criminal History may retain your fingerprints and associated information/biometrics in NGI after the completion of this application and, while retained, your fingerprints may continue to be compared against other fingerprints submitted to or retained by NGI.
4. Routine Uses: During the processing of this application and for as long thereafter as your fingerprints and associated information/biometrics are retained in NGI and/or Central Repository for Nevada Records of Criminal History, your information may be disclosed pursuant to your consent, and may be disclosed without your consent as permitted by the Privacy Act of 1974 and all applicable Routine Uses as may be published at any time in the Federal Register, including the Routine Uses for the NGI system and the FBI's Blanket Routine Uses. Routine uses include, but are not limited to, disclosures to: employing, governmental or authorized non-governmental agencies responsible for employment, contracting, licensing, security clearances, and other suitability determinations; local, state, tribal, or federal law enforcement agencies; criminal justice agencies; and agencies responsible for national security or public safety.
5. If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the employment, license, or other benefit based on information in the FBI criminal history record. The procedures for obtaining a change, correction, or update of your FBI criminal history record as set forth at 28 CFR 16.34 provides for the proper procedure to do so.

- 6. If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <https://www.fbi.gov/services/cjis/identity-history-summary-checks> and <https://www.edo.cjis.gov>.
- 7. If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI by submitting a request via <https://www.edo.cjis.gov>. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34.)
- 8. You have the right to expect that officials receiving the results of the fingerprint-based criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal or state statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.
- 9. I hereby authorize Nevada State Board of Massage Therapy (name of requesting agency), to submit a set of my fingerprints to the Nevada Department Public Safety, Records Bureau for the purpose of accessing and reviewing State of Nevada and FBI criminal history records that may pertain to me.
- 10. I hereby release from liability and promise to hold harmless under any and all causes of legal action, the State of Nevada, its officer(s), agent(s) and/or employee(s) who conducted my criminal history records search and provided information to the submitting agency for any statement(s), omission(s), or infringement(s) upon my current legal rights. I further release and promise to hold harmless and covenant not to sue any persons, firms, institutions or agencies providing such information to the State of Nevada on the basis of their disclosures. I have signed this release voluntarily and of my own free will.

A reproduction of this authorization for release of information by photocopy, facsimile or similar process, shall for all purposes be as valid as the original.

TO WHOM THIS MAY CONCERN:

ANTOINETTE PARKER LMT-5279

This is for verification and description of event on 2/23/2021. I was at the Smith's gas station pumps. I was having an altercation with the passenger in my car. When the police showed up I was brutally attacked with excessive force and held for days, fined and released. I have suffered various forms of distress and I am just trying to get back to work. It's taking me a while to get back situated but I'm determined to reach my goals.

Attention to Massage Board:

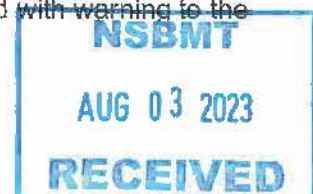

In response to your decision I have taken the proper time needed to adjust to this result carefully. As I have attempted to explain pre-existing complications due to the event we are in question of. Your decision has thrown me into dangerous territory mentally & physically. Triggering emotional distresses furthering danger and financial damage and difficulty, forcing me into an overwhelming position unfairly but repairable.

Intimidation was not what I expected to happen and how can my life be railroaded in such fashion without proper handling? I did give notification of suspected use of public officials unlawfully. If individuals do not or cannot form mens rea they cannot choose or accuse acts on others. I now can see why the information did not fit or make sense. It was all to plot the whole planned confusion presented, the result is "Preponderance of evidence is Preposterous". To classify me to be disrespectful is assassination of my true character & exploiting my identity is furthering abuse of authority.

I will not assume you are willing participants. Falsified investigation efforts conducted by the North Las Vegas police department was not a well thought plan. I have been harassed and followed constantly for years. My life is in danger more than I could even imagine unknowingly and this is clearly cruel. I apologize if you feel that my interruptions were intended. I felt the misguided information was causing confusion and it was clear to me that you had obtained paperwork I had no knowledge of, falsifying reports, facts being ignored, and using poser's to warp my identity to avoid my defense to this extent is unbelievable. I was only attempting to clear the confusion that looks to me strategically intentional. How am I to defend myself from an investigation I have no knowledge of? I do not & have not any aliases nor do I use social media to exploit anything about myself?

My rights have been violated to ruthless measures, unfavorable opinions have been formed from fraudulent actions & extortion of my name. Unexplainable clerical errors only contribute to the distorted view & humiliation. To unreasonably form a preconceived notion to be against one person to bombard prejudice is not quite a coincidence and an abnormal reaction. Being that this is a poisonous tree case, I have since then found the reason for the systematic ambush formed to silence my defense and provoke psychological damage. I have a right to prove myself innocent in this situation and I am clearly the only victim of this circumstance unfortunately on purpose. You have based your decision on fraudulently orchestrated information to conclude on a closed case and/or no charged scenario in which also states the deviance was not my act nor did I intend to want any parts of it.

I am very concerned about public service ethics and until this I was once looked at as professional I would not and have not jeopardized my title in any way. It is actually a part of my life that I take much pride in with all the effort & money I have, to master my skills to a healing level. Using what I say to explain the event nor in confidence when I called with warning to the

board, cannot be used as a statement against myself nor to insinuate or incriminate on a case there was no trial for. I feel it is wrong to punish me for something I did not do at the same time, disabling me physically, mentally, & financially is not a good cause of effort. I was told it was standard procedure to apply as a new applicant instead of original renewal as usual. I agreed because I have nothing to hide. I do not have any aliases nor do I exploit myself on social media. I do have a Facebook page for therapy purposes, all else is exaggerated.

Did anyone check my education background? 20 + years of hardwork and dedication, no lawsuits, violations, or complaints I feel should not be ignored. This is my life to be treated as if non-existent & extinguished by others that are strangers to me. I have done everything needed to comply, to take my livelihood with rushed judgment is cruel punishment and falls in line with double jeopardy. Massage therapy is my main source of income, I take my career very seriously and I am now requesting my title back and deserve to restore my future. This imbalance needs to be evened out and I have realized my codependency on the justice system and was a victim to the prey unexpectedly and will proceed forward more prepared. This cover-up tactic has grown out of proportion, the corruption level exposed is terrifying, but searching for the answers on why and how so many mistakes can be overlooked, excused, fraudulently created and accepted to this extent of court is gross negligence at this point. Counsel, Administrations, Clerks, Secretaries, Norieties, @ City & State level this is way too many people at risk knowingly or not.

Should I point out Alexander (1978):

In ancient times declining courage was considered the ending of one's person into today to be no different with the same effects. For example: Sowing fear and anxiety with threatening waves of terror. Each wave of terror creates effects easily after each breathing spell, while still disturbed by previous episodes. Morality becomes lowered with psychological damage on high and the propaganda campaigns become stronger to reach a public already softened up. Which becomes my next example from (1953) Old crime against the human mind: The down spiraling & systemized psychological intervention and judicial perversion in preservation in which a ruling class can imprint their own opportunist thought upon minds of those that they plan to destroy to accomplish menticide. To be biased is a tendency to prefer one person or thing to another and to favor that person or thing.

* [I do not feel comfortable giving a license to someone that says the police are lying].

-(In my defense I would not use your chosen words but I do know the board was given falsified reports with fraudulent descriptions & tampered evidence subliminally guiding you in the direction.

-" Motivating restrictions is a form of Repression with intent to continue severe government measures. Devastating victims expelling jobs, forcing fines, blocking accessibility & freedom to succeed.

I will fight for my future and will not be the scapegoat...

To be biased means to influence people in favor of a particular choice. Government rules can be immoral when driven by corruption causing individual and social ruin.

*[Sounds like you have alot court issues maybe you should come back when you get your life together]

(In my defense I have valid proof with no doubt that this cover-up will be exposed with due process. I will continue to seek justice and uphold honor & integrity I have acquired through my parents hardworking and dedicated example Respectably. To be equipped for adversary operations and a stand up for my moral right to be a value.

When this event occurred I was hoping for the right things to happen and wrong things endured resulting with the excessive force. Truly without wasted effort my focus has been on continued education, work experiences, & progress until this collaborative effort to destroy and warp my identity. These treacherous accusations with intent to conspire private party contracts with guilty parties while falsifying special relations is also violation contributing to the dysfunction).

*[Does anyone know if this case is open?]

(That answer was not on the menu that day & I was blindsided and oblivious to what was happening to me. How am I to protect myself from an investigation unknown to myself but it does explain the strange behaviors not to mention the false statement I paid for that doesn't exist to be printed out. When a public officer willfully submits false reports it is not just a paperwork issue and providing inaccurate information in any capacity while serving the public can and has become more serious in this situation but coupled with dangers of prejudice & distortion. Rule 404 character evidence prohibits use of a person's character or character traits is not admissible to prove that on a particular occasion the person acted in accordance with rumor or stereotype.) Which also includes Digital entrapment.

*[Well she did plead no-contest]

-(In my defense. It is a must for prosecutor's to provide reasonable notice of such accusations to meet fair opportunity. Bias may be held by an individual group or institution and can come with negative or positive consequences. Explicit and/or implicit biases may be more prevalent when multitasking milliseconds or working under pressure. It is on record that the public officials misconduct was intimidating to not only me but to everyone in the room. Overwhelming tendency towards conformity ethics tends to be identified with obedience. One is good to the extent & obeys the dictates of society the more unquestioning obedience the better. At that time I had a concussion but confusion was not the case with me , I was only conforming to the majority flavor of the day, to be blind obedience and I was just following the rule of force to be in compliance. What else can I do to follow authority customs, save my morality from public opinion and protect my integrity from social expectation.)

As the tyranny worsens from the hearing date into today with increasing danger, my significance is depleted and high levels of censorship & regulation rain in. I have realized my mistake but will not allow that striked failure decision to decline my courage to try again. Even to a conformist like myself, this is too much government force on the account of assumptions and framework to cover-up. I had no reason to resist nor hide something I did not do but to expose corruption. Using influence to display such behavior while in authority is distorting & alarming signs of hyper conformality which creates more forms of bias in the manner of 2 axes concluding closure and most damaging found to be biaxious. As far as probation I am fine with that too. I will be in school for the next ten years to obtain a masters or doctorate degree. Please understand the seriousness and damage of this decision to dispel this blockage to grant me access to proceed forward.

" My career is my life, please don't destroy me twice"...

*[I don't approve of the disrespect and I was to suggest probation but agree to denial.]
-(Metaphorically speaking "Dangling my life in the air just to cut me out of it" that violation was horrific to me. Unfair treatment is a part of negligence. We should all know there is a thin line between implicit and explicit. Let it be clear I am not coming from an instigational standpoint, I am merely in defense of myself.

Workplace bias is real and is a part of continuing education for collateral damage will be reviewed. Let us not contribute to the distorted intention by creating positive outcomes to come. I am hoping to lessen the confusion and casualty account in jeopardy unknowingly. There seems to be a strange hate towards women & children which qualifies as hate crimes against humanity and should be addressed as urgent. It is worse to convict an innocent person than to let criminals go free. In this situation the opposite is displayed and has relentlessly gone too far to the point of unlawfully entering my home and disabling my livelihood. To know that authority figures would go to this extent is frightening.

My importance is not to win or lose, it is who may I help in a damaged nation finding its way back to a United creation referred from common sense living and sharing prayers. I operate in a more structured standpoint with truth to guide my result and start with feedback from the hearing to right these wrongs. This persistence to damage my reputation is opinion in disguise of due process, wasted time & resources with bribery is not justice for all. I have since been collecting evidence of my own with all focus on discovery. As far as the participants involved in this gathering of furtherance are concerned I declare:

"When shameful folk decide to advertise their shamefulnes it is not my job to do anything about that part". "

But I am thankful for the Board and your call to action in helping to not hide what I did not do but to expose the crimes I have been an Accidental witness to"...

As a statement according to the investigation remarks I was not given a copy of but was found exploited online shortly after hearing. The video as well as the witness report clearly states I

was not involved with the passenger's action and his decision was not my own and I felt very offended. I have never been in that kind of situation before. All I could think of to do was to leave my contact info for the police to contact me and inform the owner that I would try to get the item back if I can but I didn't even know what was taken.

The next day the passenger contacted me and I met him at the park to suggest that he return whatever it was because that is the right thing to do. He agreed, so we went to the gas station to get gas. We did have a conflict but it was resolved before the police showed up. His confusion was clear to me that he had me confused with others that he was a custom to as of IQ. Intervention or mediation was not conducted as stated and medical attention was waved irresponsibly. I did not give any statement, I was not in a relationship to be a jealous girlfriend, nor did he hit me as they insinuated.

When the police arrived I was tackled and held down. The passenger was placed in the police car and the officer came back and joined the others. They then picked me up, walked me to the trash can and busted my face on it and it seemed to me as if they were putting me in it. They then picked me up again and put me in a separate car, towed my car, put the passenger in the car with me and we both went to jail. I didn't find out about a relationship until I received my paperwork after court and was oddly booked on the same day as released. Entrapment to secure prosecution to cover up is abuse of law. Since then I found out more details and reasons why but that all belongs in a courtroom in which Will also be situated accordingly. My focus right now as it's been is to live, work & help do, and live with safety to survive this damaging incident.

*What have I done since I've arrived here? *What have I done to build myself?

*What will I do with the license once obtained?

-I arrived in Las Vegas in 2009 to Build myself personally with experience to master my career.

2009- Handwriting analysis, Housekeeping & 711 store

2010- Cosmetology, BX Barber Shop, Great Clips, & Sever.

2011- Lily's Salon, Cut Doctors Barber shop, Amnesia Salon, Server.

2012- Stratosphere, Mobile Chair Massage, Kids Cuts, Great Clips, Server.

2013- Cut Doctors Barber Shop, Creech Air Force Base, Mobile Chair Massage, Server.

2014- Barber Shop, Chair Massage, Server, Home Renovations.

2015- Mobile Massage, Server, Caretaker, Housekeeping, Renovations.

2016- Mobile Massage, Property Management training, Server, Caretaker, & Reiki therapies.

2017- Server, Caretaker, Reiki Therapies, Miscarriage, Pain Management, Acupressure.

2018- Mobile Massage, Server, Caretaker,

Reiki Therapy, Pain Mngmt, Mediumship & Shamanic workshops, & Exorcism Apprentice.

I started Renovations in my own home and noticed problems started within this year in my neighborhood environment. I don't know anyone but noticed strange things going on & made a point to write it all down.

2019- Mobile Massage, Server, Recovery, Housekeeping. Covid happened with nobody working Nation Wide closure.

2000- Unemployment started & paid whatever debts I had at the time. And started Therapy with my family & extended friends, out of town using my down time to try out my new Therapy skills on everyone I know. Started class for Associate degree.

2021- By this time I felt targeted but I was busy with healing family situations and was just getting into fitness training. Then the occurrence happened with this passenger, certainly an accident not meant to happen. Inmate reform therapies started and ended abrupt. That's when the paid trackers, bribery, court clerk errors, staged events, extortion, false charges, identity theft, & post office violations, using protective services & institutions unlawfully, with Stolen property & Home association fraud. Leaving me with the effects of absence due to excessive force.

2022- Server, Temporary agencies, housekeeping, landscaping, revised future plan while in pursuit to save my career due to the slander for financial ruin campaign. Justice court made many mistakes and used a paid squatter to unlawfully take my house, clearly attacking my livelihood was not satisfactory enough so there was one more entrapment attempt & very offending trickery tactic against me, clearly bribery is prevalent by now.

2023- By this time I was told my identity was so compromised I would have to change my name. My checks from work are becoming short and student loans detoured & Tax records tampered. By the time I reached the hearing date I was assured of the corruption and danger and once the hearing was over the mocking and threatening gestures were on a high level to the point where I am being harassed and intimidated at my other jobs where I did not have issues before and subject to physical harm. Besides that worse happenings have happened since and still on going into today which is somewhat one of the reasons my response is so late. I just want to correct this issue and proceed with my life that I acquired for myself rightfully and honestly. Entrapment is unlawful when done to hide crimes of authority as I am blackwalled, trapped and financially restricted. The other party is a mentally disturbed person. It is reckless and heartless to anyone this way. They knew he was a mentally disturbed person so any side deal they made I don't know about I'm not a part of & all this is on video, body cameras, and police footage from the parking lot but they destroyed or failed to provide that part for obvious reason. This style of investigation has opened up a red sea of corruption of law officials, a network of institutions, and judicial system abuse that will be addressed accordingly.

These methods displayed do not follow that they were not serious about preventing the evils.

Exclusionary rules adopted by the courts and addressed to deal with after the fact violations I stated before, Civil remedies are available for citizens abused by police malpractice and a symbol of justice system commitment to citizens right. I am only doing damage control to lessen the casualty account, get my job back and go somewhere I know I will be safe in my quest to seek justice for not only myself but others will learn from this lesson and be better.

Once I obtain my license back I will clear my name of these atrocities and pass out my paperwork to all the companies waiting patiently for my return & possibly therapy. Before this interruption I was offered office space in a physical therapy office and a retirement community so I will most likely explore those options and let my customers know we are safe to get back to work. I will continue with my education and proceed towards my future to achieve the goals I have set for myself to work and move to where I know I am safe. To be honest the only thing that has protected me this whole time is my landlord & my jobs.
