

**STATE OF NEVADA  
BOARD OF MASSAGE THERAPY**

**NOTICE OF INTENT TO ACT UPON A REGULATION  
LCB File No. R108-17**

**Notice of Hearing for the Adoption of Regulations of the  
State of Nevada Board of Massage Therapy**

The State of Nevada Board of Massage Therapy will hold a public hearing at 9:00 a.m., on December 13, 2017, at the Legislative Counsel Bureau, Legislative Building, Room 2134, Carson City, Nevada 89701 with videoconferencing to the Grant Sawyer Building, 555 E. Washington St., Suite 4412, Las Vegas, Nevada 89101. The purpose of the hearing is to receive comments from all interested persons regarding the adoption of regulations that pertain to chapter 640C of the Nevada Administrative Code (LCB File No. R108-17).

The following information is provided pursuant to the requirements of NRS 233B.0603:

1. This regulation is needed to implement statutory changes made by Assembly Bill 179 of the 2017 Legislative Session.
2. This regulation is not a temporary regulation.
3. This is a permanent regulation and a copy of the regulation may be obtained by contacting Sandra Anderson, Executive Director of the Nevada State Board of Massage Therapy, 1755 E. Plumb Lane, Suite 252, Reno, NV 89502, 775-687-9955, sjanderson@lmt.nv.gov.
4. Estimated economic effects on businesses:

Adverse effects: There are no adverse effects of this regulation on the businesses it regulates nor on the public. While businesses will have to pay a fee for a certificate or licensure, the fees are for a two-year licensure period and are not overly burdensome, in fact, the fee is actually \$5 less than what a licensee would have paid under the prior yearly licensure cycle. Certificates for establishments are on a one-year licensure period and the fees associated with those certificates are not overly burdensome for the establishment.

Beneficial effects: Reflexology and structural integration will be regulated by the Board. Massage/Reflexology/Structural Integration establishments will be regulated by the Board under concurrent jurisdiction with the local governments. This will ensure the public is protected not only by regulating licensees, but also the establishments where the public receives the services.

Immediate effects: The Board will begin implementing the statutory changes enacted by the passage of AB179 of the 2017 Legislative Session, the public will be better protected through the regulation of the practice of reflexology and structural integration.

Long-term effects: The public will be protected through the regulation of the practice of reflexology and structural integration as well as massage/reflexology/structural integration establishments. Standards are being established so that licensees are aware of the standards they must hold themselves to.

5. The Board staff reviewed the regulation with its legal counsel to determine the economic impact to small businesses. The Board's Executive Director also had meetings with the small businesses that would be impacted by this regulation. There is an impact to small business. Reflexologists, structural integration practitioners and massage/reflexology/structural integration establishments will now be licensed by the Board. However, the Board does not feel that this is a significant economic impact because the license fees are for a two-year period and are reasonable, in fact, the fee is actually \$5 less than what a licensee would have paid under the prior yearly licensure cycle. Certificates for establishments are on a one-year licensure period and the fees associated with those certificates are not overly burdensome for the establishment. The Board did reach out to the reflexology and structural integration communities and have received positive feedback with regard to the fees.
6. There is no cost to the Board for enforcement of this regulation.
7. The Board and local governments have concurrent jurisdiction over the regulation of massage/reflexology/structural integration establishments. The establishments pursuant to local ordinances do have to obtain a business license. AB179 requires establishments to be certified by the Board in addition to any licenses required by a local government.
8. This regulation is not required pursuant to a federal law.
9. This regulation does not contain any provisions which are more stringent than a federal regulation that regulates the same activity.
10. This regulation does not establish a new fee nor increases an existing fee.
11. Interested persons may provide their views regarding the regulation at the following locations or by submitted written comments to the Board:

Legislative Counsel Bureau, Legislative Building, Room 2134,  
Carson City, Nevada 89701

Grant Sawyer Building, 555 E. Washington St., Suite 4412  
Las Vegas, Nevada 89101

This regulation imposes a new fee on reflexologists and massage/reflexology/structural integration establishments. Structural integration practitioners, prior to the enactment of AB179, were licensed as massage therapists. The fee for massage therapists and structural integration practitioners is an existing fee, it is just being doubled (and decreased by \$5) to account for the two-year licensing cycle.

Persons wishing to comment upon the proposed action of the Nevada State Board Massage Therapy may appear at the scheduled public hearing or may address their comments, data, views or arguments, in written form, to Sandra Anderson, Executive Director of the Nevada State Board of Massage Therapy, 1755 E. Plumb Lane, Suite 252, Reno, NV 89502, 775-687-9955, [sjanderson@lmt.nv.gov](mailto:sjanderson@lmt.nv.gov). Written submissions must be received by the Nevada State Board of Massage Therapy on or before December 10, 2017. If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the Nevada State Board of Massage Therapy may proceed immediately to act upon any written submissions.
