SB	323	54	905	Senator Denis	Revises provisions relating to occupational boards	<p>Authorizes a person subject to disciplinary proceedings to elect to have a hearing officer of the Hearings Division of the Department of Administration hear the case. Revises provisions governing the costs which may be recovered by regulatory bodies from persons who violate laws or regulations. Must be filed within 20 days after service of charging document. Board would have 10 days after notice to request the list of hear officers. After hearing the case the hearing officer would have 60 days to decide on the case. The regulatory body would then determine the discipline per 233B.125. Specifically removes the ability to recover the costs of the investigation. Cost impact undetermined as the fee structure for the services of the hearing officer would impact the Board, but be offset to the costs of the hearing being heard during Board meetings. There may be a minor reduction in OAG representation fees; however, the OAG would still have to draft all the documents and work with the staff and the hearing officer. The impact associated with this bill will be \$100 per hour for the hearing officer and \$50 per hour for support staff. Costs were based on 5 board meetings per year and an average of 6 hearings per board meeting (including settlement agreements and voluntary surrenders). Fees charged by the Hearing Officer and support staff were provided by GFO. The time spent reviewing the case and making a decision is estimated to be 2 hours per case. <math>5 \times 6 \times 2 = 60 \times 100 = 6000 + 50 \times 1 \times 30 \text{ staff} = \\$7500</math> Hearing 4/5 1pm Leg 2135 Heard 4/5.
