Re: Amended Narrative Statement  
Criminal History Record  
Incident in Harris County, Texas; County Criminal Court Cause No. 1660235

Dear Nevada State Board of Massage Therapy:

I am writing in response to the letter sent by you dated on October 4, 2021 to provide a written narrative description of the incident on my criminal record.

On or around February 10, 2010, I was working at a massage establishment, where the name I do not recall now, in Harris County, Texas as a massage therapist. I did not speak fluent English. An undercover police officer came to the establishment as a customer. I greeted him and discussed on the price of a massage. I then proceeded to provide a full body massage. The police officer inquired for more services. Due to the language barrier, I did not fully understand what the officer was inquiring. I did NOT agree on a price nor provide any sexual services. The officer proceeded to have the law enforcement come in the establishment and arrest me. I was later released on bail.

I retained an attorney to represent me on the case. The case was dismissed on March 11, 2010 because the police officer that came to the establishment as a customer was under investigation by the police department. I was not convicted of any crimes.

I have enclosed all the related court documents for your review. I have not been charged with any crimes after the incident and have always been a law-abiding citizen. I came to America from China in 2008. I went to a massage school in California. The massage school left me with the impression that, after taking the multijurisdictional exam, I was free to practice. My naivety and the language barrier caused me not to question this belief. After living in Texas briefly, I became aware of the licensing requirement. I moved to Oklahoma around 2012. I then obtained my massage license in Oklahoma around 2012 and I also applied for the business license and owned a massage establishment in Oklahoma. I was operating from around 2012 to

2020. I have not had any disciplinary actions taken against me nor my establishment. I am looking to obtain my massage license in Nevada because I moved to Las Vegas in 2020 with my husband and have been living in Las Vegas since then.

I am 60 years old and the only other work experience I have is as a kitchen worker. This work has become too difficult on my body and I need to transition into a line of work where I have experience in and can rely on long-term. So I once again completed massage school in Nevada and am dedicated to continuing in this field. I wish to practice as a massage therapist again and hope to help the public with my job.

I thank you for your time and consideration on my license application. Your favorable decision is greatly appreciated. Please feel free to contact my attorney should you have further questions.

Regards,
