Interview of the victim Arian Flores-Rivero, by Detective H. Moghadam P#16149

On January 8, 2022, at approximately 0134 hours, I, Detective Moghadam, conducted an interview with Arian Flores-Rivero [redacted] at LVMPD Headquarters. The following is a synopsis of that interview which is not verbatim. For the complete interview, please refer to Arian's transcription which will be forthcoming. During the interview, Arian stated the following:

Officer H. Zarate P#15454 assisted in translating Spanish to English between Arian, and Detective Moghadam. At Approximately 0142 hours Officer Zarate read Arian his Miranda right to which Arian stated he understood his right and was willing to speak to Detectives. Arian Said he has been a massage therapist for approximately 3 years now and had been working for Massage Envy located at 9850 W Charleston for the same amount of time. Arian works Thursday through Monday from 1500 hours to 2200 hours. He said on January 7, 2022, at approximately 2030 hours he came to work at 1500 hours and provided a massage to a female (hereinafter referred to as [redacted]). At first Arian said he provided [redacted] a massage while she had been laying on her back. [redacted] later jumped off the massage table for no reason and ran out the room. Arian said [redacted] was fully nude under a blanket, and asked to get a massage on her shoulder, mid back, and both legs. Arian said as he has never touched anyone of his clients anywhere close to parts of the body that is considered "intimate". Arian said he is not allowed to touch clients breast, buttocks, vagina, or penis, and has never done so either.

Arian later said if he has ever touched a female in her "intimate" areas they have just gotten up and walked out of the room. When asked how many other times this has happened in the past, he changed his story, and said it has never happened in the past. During the interview Arian later said he possibly had touched [redacted] vagina with his right hand. Arian said [redacted] had been laying on her stomach during this time, and he had been standing on the left side of her body. As he was massaging her glutes on the left side of her body, he said his finger from his right hand did in fact touch her vagina. Arian said the light in the room had been dimmed, and her body slippery from the lotion, which cause the finger from his right hand to touch her vagina. Arian further stated he knowingly did touch [redacted] vagina. Arian said when the finger from his right touched her vagina it happened quickly. After he had touched her vagina, he thought to himself, this is wrong. Detective Moghadam outlined his right hand on a piece of plain white paper to which Arian later placed his right hand in the outline to make sure it matched, which it did. Arian drew a line across three of the fingers from the outline showing how much of his finger touched [redacted] vagina. The image below is the outline which Arian signed his name to for after he personally drew the line across the fingers in the outline.

Wherefore, Declarant prays that a finding be made by a magistrate that probable cause exists to hold said person for preliminary hearing (if charges are a felony or gross misdemeanor) or for trial (if charges are misdemeanor).
