DECLARATION OF FAITH NOBORIKAWA, OMD

I, Faith Noborikawa, do hereby declare under penalty of perjury, under the laws of the State of Nevada, in accordance with N.R.S. § 53.045, as follows:

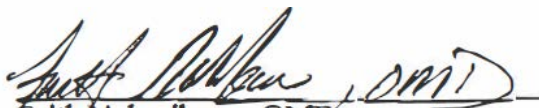

1. I am a resident of the State of Nevada
2. I am a Managing Member of Vegas Acupuncture Therapy, LLC .
3. My office is located at 2520 St. Rose Parkway, Unit 114, Henderson, NV 89074.
4. I graduated in 2012 from Bastyr University. I am a Doctor of Oriental Medicine.
5. My practice treats various health complaints, but a majority of patients are seen for musculoskeletal pain.
6. In my practice I use gua sha (also known as spooning or scraping) along with acupuncture treatments.
7. My patients often see an increased reduction of pain with the addition of gua sha therapy with acupuncture.
8. Gua sha is a healing technique that is commonly used in Asia to decrease pain, increase circulation and alleviate cold/flu symptoms.
9. Gua sha is a practice that has become popular in the Western world by body workers and is used mostly to alleviate musculoskeletal discomfort and increase circulation to local tissue.
10. The treatment is intended to deliberately create therapeutic petechiae and cause an anti-inflammatory response.
11. This petechiae can last for a few hours to a few days and does not cause damage to the muscles.
12. Gua sha is a treatment that has been used for hundreds of years and when used properly can be a very therapeutic way to treat musculoskeletal pain.
13. Gua sha literally translates to “scraping rash” because the point of this therapy is to create “sha” on the surface of the skin.
14. I have seen the photographs attached as Exhibit “FF” and Exhibit “GG” to this declaration, in my professional opinion the marks on the person’s neck are consistent in appearance
