Dear Elisabeth,

I would like to add these additional information to our previous comments.

VTCT (ITEC) to express our sincere interest in collaborating with the Nevada State Board of Massage, particularly in cases involving sanctions against massage therapy providers. We understand the critical role that regulatory bodies like yours play in upholding the integrity and credibility of our profession, and we share your commitment to ensuring the highest standards of practice.

Our organization is deeply invested in supporting both practitioners and regulatory authorities in maintaining a safe and ethical environment for massage therapy. We believe that by working together, we can effectively address any issues that may arise, uphold the profession's integrity, and ultimately, enhance public trust.

We believe that by leveraging our collective knowledge, experience, and resources, we can strengthen the regulatory framework governing massage therapy in Nevada and promote a culture of accountability and excellence within the profession.

We are eager to discuss the possibility of collaboration further and explore how we can best support the Nevada State Board of Massage in its mission. Please feel free to reach out to me directly to schedule a meeting or discuss any questions you may have.

Thank you for considering our offer, and we look forward to the opportunity to work together for the betterment of the massage therapy community in Nevada.

Kind regards,

Ruth
